Capita Business Intelligence

Unleash the power of your data

Your route to performance management

The award-winning Capita BI Centre of Excellence has a wealth of experience in designing and implementing BI solutions. We have the expertise to deliver a BI solution tailored to your needs.

Our team of BI professionals creates pervasive BI by deploying a proven, methodology-driven approach that addresses the entire BI lifecycle – from analysis, design and implementation, to ongoing support and training.

During our 15 years within the BI environment, we have formed strategic alliances with all major BI vendors to ensure we provide the best-fit software and the right architecture for your organisation – regardless of vendor.

Using a packaged suite of dashboard, metrics, analysis cubes and detailed reports, you can unlock BI at every level of your business. Plus our managed service option eliminates the overhead of in-house delivery management.
